

Gowrinath S

+91-6385277768 | gowrinath508@gmail.com

Aspiring **Java Backend Developer** with a strong foundation in Data Structures, Object-Oriented Programming, and Spring Boot. Eager to apply hands-on project experience in building efficient, scalable backend systems and contribute to real-world software solutions.

Education

P.A. College of Engineering and Technology

B.E. Computer Science and Engineering | CGPA: 7.53/10 | 2023 – 2027

Higher Secondary Education

Percentage: 78.83%

Technical Skills

Programming Language: Java

Web Development: HTML, CSS, JavaScript

Backend Development: Spring Boot

Database: SQL

CS Fundamentals: Data Structures & Algorithms, Object-Oriented Programming

Tools: Git, GitHub

Certifications

- [Add certification name – Issuing Organization, Month Year]

Projects

Multilingual Sign Language and Speech Generation using Vision Transformer

Vision Transformer, Python, Text-to-Speech

- Designed and implemented a Vision Transformer (ViT)-based model to classify and recognize sign language gestures.
- Built a sign-to-text pipeline converting recognized gestures into readable text output.
- Integrated a Text-to-Speech (TTS) engine to generate spoken output, enabling accessible communication for hearing/speech-impaired users.

Online Library Management System

HTML, CSS, JavaScript, SQL

- Developed a web-based library management application using HTML, CSS, and JavaScript.
- Designed a SQL-backed database to store, manage, and retrieve library records.
- Implemented core library operations including record management and search/retrieval functionality.

Coding Practice

- **LeetCode:** Regularly practicing Data Structures and Algorithms problems to strengthen problem-solving skills.
- **HackerRank:** Solving programming challenges in Java to build coding proficiency.

Workshops & Activities

- **Event Coordinator, National-Level Seminar:** Coordinated a CSIR-sponsored two-day national seminar on “An Intelligent Digital Twin Framework for Predictive Maintenance in Industry 4.0” at P.A. College of Engineering and Technology (Mar 25–26, 2026).
- **AI/ML Workshop:** Attended an Artificial Intelligence and Machine Learning workshop at Bannari Amman Institute of Technology (Apr 10, 2026).
- **Project Expo 2024:** Presented a Hospital Management System project at Project Expo 2024, P.A. College of Engineering and Technology (Feb 28, 2024).
- **Cyber Security & Deep Learning Workshop – LUNARA’24:** Attended a two-day workshop on Cyber Security and Deep Learning at Bannari Amman Institute of Technology (Apr 12–13, 2024).
